EXPERIENCE

Web Developer Intern — MERN Stack   **Oct 2025 – Nov 2025**
Sharada Education Trust | Remote

- Developed responsive and reusable UI components using React.js for production-ready web features.
- Integrated frontend modules with Node.js/Express APIs and implemented CRUD operations with MongoDB.
- Enhanced performance and reliability by debugging issues, refining code quality, and using Git for version control.

PROJECTS

Pro-Rental: Property Rental Platform Live — Code
Tech Stack: Node.js, Express.js, MongoDB, Mongoose, EJS, Passport.js, Bootstrap, Cloudinary.

- Developed a user-friendly property rental platform allowing users to list their properties, along with features such as user reviews, to enhance the overall experience.
- Utilized MongoDB Atlas for secure cloud-hosted database management, accommodating property listings and user profiles.
- Integrated Express.js with Passport authentication middleware and deployed on Render for reliable hosting, ensuring server-side functionality.

News-Today: Full-Stack News Aggregation Platform Live — Code
Tech Stack: Node.js, Express.js, MongoDB, Mongoose, EJS, HTML, CSS, JavaScript, Bootstrap.

- Built a full-stack news aggregation platform that fetches and displays the latest articles by category, allowing users to filter, search, and read content seamlessly.
- Developed a secure backend with Node.js, Express.js, and MongoDB to handle data storage, retrieval, and pagination.
- Designed a responsive frontend using EJS, Bootstrap, and JavaScript to dynamically render news content with improved user experience.
